\*\* THIS IS NOT AN INVOICE \*\*

Dear Customer,

Thank you for your continuing business with Safety-Kleen Systems, Inc. We sincerely appreciate your business and look forward to meeting your environmental service needs and exceeding your service expectations.

The Consumer Price Index (CPI) recently announced by the U.S. Department of Labor for the twelve month period ending 03/31/08 is 4.0%. In accordance with the signed contract between your company and Safety-Kleen, your current contract pricing will be adjusted to reflect this percentage change.

Pursuant to the terms of your contract with Safety-Kleen, the contract will automatically renew for an additional term if you do not send written notice to Safety-Kleen of your intent to terminate the contract 60 days before the expiration of the contract.

Please feel free to contact us at anytime should you have any questions. Safety-Kleen has a variety of services available to meet your ongoing needs and we are here to assist you in anyway we can.

Sincerely,

RUSSELL BARKMAN  
BRANCH MANAGER  
(616) 453-7922

5/15/08

Received a call from Steve at Safety-Kleen regarding our CPI contract.

It is a CPI contract (1-4% annual increase) versus a regular contract that could go up more annually.

Model 30 sink on a drum (parts washer).  
2 year auto renewable contract, expire 6/28/09.

Current contract is about \$50 less than if we were to get a different system and contract.

They supply a tank and solvent (about 20 gallons). They come quarterly to replace the solvent and dispose of the old. Each visit is currently \$140.80, plus about \$10.00 fuel charge added.

*Pam,*

*Here is the information on the model 30 parts washer you have with us. The pricing is good for that machine so a small increase annually is better than switching to something else. I will call you in a couple of weeks.*
