NOW, THEREFORE, BE IT RESOLVED, that this personnel system covering the Employees of the County of Muskegon be established:

- I. The selection, pay, advancement and treatment of County employees will be based solely on qualifications and performance without reference to their political affiliation, religious beliefs, racial origin, sex, national origin, ancestry, age, or physical disability, except where specific age, sex, or physical requirements constitute a bona fide occupational qualification.

The Ways & Means Committee will meet at such times and places as its Chairman will designate in accordance with the rules of the Board of Commissioners.
- III. The duties and responsibilities of the Ways & Means Committee will be as set forth in the rules of the Board of Commissioners and, in addition, will include the preparation and enforcement of specific rules and regulations to carry out the provisions and intent of this resolution and recommending to the Board of Commissioners on the provisions of all employee fringe benefit programs.
 - A. - C. Provisions of contracts with employee bargaining groups will not be unilaterally altered by the rules and regulations promulgated pursuant to this resolution. Where provisions of said contracts provide for different levels of benefit for the employee, the contract will prevail. Provided, however, that it will be the policy of the County of Muskegon to reduce and eliminate such differences at the earliest opportunity, through the collective bargaining process.

RULE 2 - SALARIES

Section I SETTING OF SALARIES

All county salaries will be set by the Board of Commissioners as part of the budget approval process each fiscal year or by specific board motion during the year.

Section II PREPARATION OF SALARY SCHEDULE

Shortly after January 1 of the year in which the salaries are to become effective, the Human Resources Department will prepare a Salary Schedule showing the latest approved salary ranges for all County classifications. Copies of this Salary Schedule will be available for inspection on the Human Resources website.

Section III APPLICATION OF SALARIES TO CLASSIFICATION

The salary range for a classification will apply to all County positions and employees so classified.

Section IV SALARY RANGES

The salary set for a classification will be called the salary range for that classification, whether the salary consists of a single rate or a series of salary rates. The salary rate will not include longevity, night shift differential or other bonuses or premiums.

Section V STARTING SALARY RATE

The salary rate at which an employee begins employment in a given classification will be the base rate of the class, except:

- A. When the employee enters the new class by way of promotion or transfer from another County classification.
- B. Upon approval of the Human Resources Director such as for:
 - 1. When the employee brings recent, directly comparable work experience or advanced academic qualifications to the classifications.
 - 2. When there is an acute shortage of qualified applicants for the classification.

Section VI MERIT INCREASES

The advancement to the next higher rate within a salary range will be called a merit increase and will be based not only on the passage of the indicated length of service in the classification, but also on the written recommendation of the employee's Department Head as expressed on the official Human Resources form. The affected employee will receive a copy of the completed Human Resources form, whether the merit increase was granted or not.

Section VII LONGEVITY PAY

The longevity pay plan provides that County employees and appointed County officials be granted automatic longevity payments in addition to the salary for the classification. Longevity pay is based on the following schedule:

<u>Years of Continuous Service as of December 1 of each Year</u>	<u>Amount of Payment</u>
5 years	\$250
For each completed year after 5 years	\$50 additional to a maximum of \$1,250

- A. Longevity payments are determined based on the number of whole years of service completed as of December 1 of each year. Annual payment will be made after that date.

Employees must be in pay status as of December 1 in order to be eligible for longevity payments. If an employee is not in pay status at the required date, he or she will be paid a pro rata payment based on hours worked during the period.

An employee on leave of absence without pay during the period who retires under MERS during the period or who dies during the period will be paid a pro rata payment based on hours worked during the period. An employee who separates from County service during the period for any other reason will receive no payment.

- B. Length of County employment is described in Rule 19, "Eligibility for Fringe Benefits".

Section VIII OVERTIME PAY

A. Definition of Overtime

1. To be considered for overtime, the work and the time of doing it must have been assigned by the employee's Department Head or another supervisory employee given this authority by the Department Head.
2. For full-time employees, all hours worked in excess of forty in one (1) week will be considered as overtime, except for: those employees on rotating shifts where the shift rotation sometimes results in three days off as shift change time and sometimes one day.
3. For part-time employees, all working time in one week in excess of 40 hours in a work week will be considered as overtime.
4. See also Rule 24, "Legal Holidays".

B. Eligibility for Overtime

1. All County Employees are eligible for overtime pay (as defined in Section VIII of this rule) except those determined to be exempt by these rules or exempt pursuant to the Fair Labor Standards Act.
2. The classifications of those County employees and officials exempted from the payment of overtime will be so noted in the County's pay table and grades.
3. Employees excluded from overtime:
 - A. Shall not be specifically compensated for overtime in either money or compensatory time.
 - B. Shall be expected to average at least the number of hours per week as required by the standard County work week, and shall receive full salary for any week in which the employee performs any work without regard to the number of hours worked, subject to the following exceptions:

- (1) Deductions from pay shall be made when an employee is absent from work for one (1) or more days for personal reasons other than sickness or disability.
- (2) Deductions will be made from pay for absences from work of one (1) or more full days occasioned by sickness or disability consistent with available sick leave and other disability benefits.
- (3) If an exempt employee is on a Family Medical Leave the County will pay a proportionate part of the full salary for time actually worked.

C. Time absent from work and deviation from the official office hours of the employee's department must always be with the approval of the employee's Department Head who shall have the responsibility for evaluating the employee's performance and justifying permitted deviations from established hours of work. Department Heads wishing to be absent or deviate from the departmental schedule shall obtain approval from the Administrator. Department Heads shall not be required to obtain permission to work beyond normal business hours.

- (1) Employees who are absent from work for less than one complete day, subject to approval of the Department Head:
 - (a) will "make-up" for time lost by working extra hours in the same pay period, or
 - (b) shall be compensated as if the employee were "on the job" in terms of cash paid, however, time absent from work for sick reasons shall result in an appropriate use of accumulated sick leave, and time absent for vacation or personal reasons shall result in the appropriate use of accumulated annual leave.

- (2) Employees in unique positions which require extensive overtime hours on a seasonal basis, may be exempt from this requirement upon Board of Commissioners approval. The Wastewater Farm Manager is an approved exempt classification with adoption of these rules.
- (3) Employees shall be compensated for periods of temporary military leave as though they were "on the job" except their salary for that period shall be offset by the amount of military pay received by the employee for that period.
- (4) Employees shall be compensated as a witness under Rule 26, except that the salary shall be reduced by the amount received by the employee as a witness or jury fees.

D. Method of Compensation for Overtime

1. Eligible employees, as described in Section B above, will be compensated for overtime as previously described by payment in wages which will be computed at the rate of one and one-half (1-1/2) times the employee's normal base hourly rate, including any applicable shift differential. Annual leave and paid holidays will be counted as time worked when determining eligibility for overtime payment.
2. All time to be compensated for will be recorded on the employee's attendance record overtime requests and authorization forms as may be required.

Section IX

MINIMUM CALL-IN

- A. Employees eligible for overtime payment who are called in to work on a regularly scheduled day off or who are called back to work after having left work from their regular shift will receive a minimum of two (2) hours' pay at the overtime rate, regardless of the number of hours worked, except as modified in B below. Employees required to work in excess of the minimum call-in time will be paid for time worked at the normal base rates. This section will not apply where an employee is required to begin his/her shift early.

- B. Employees who receive On-Call Assignment Pay in accordance with Section X will only be paid for actual hours called in to work at the overtime rate rounded to the nearest thirty-minute interval, and will not be entitled to minimum call-in pay described in A above.

Section X ON-CALL ASSIGNMENT PAY

Employees designated for an on-call assignment will be available to respond to an emergency or other call-in requests outside of normal working hours. Employees will be available for contact by electronic means or cell phone and expected to be within a reasonable distance of their response location to ensure a prompt response time. Only employees eligible for overtime payment will be eligible for on-call assignment pay.

- A. Employees designated by their Department Head for on-call assignment and available for contact by electronic means or cell phone outside of normal working hours will receive on-call pay in lieu of overtime pay at the rate of one and one-half (1-1/2) times the employee's normal base hourly rate, including shift differential, for each shift of on-call assignment.
- B. Designated on-call employees will be paid for actual call-in time worked in accordance with Section IX, Minimum Call-In, B.
- C. Shifts, assignment designations, and minimum response times for on-call assignments will be determined by the Department Head.
- D. The Department Head will establish proper response procedures to ensure on-call availability.

Section XI TEMPORARY ASSIGNMENTS

The Employer reserves the right to make temporary work assignments of employees into another classification and/or into another department provided that:

- A. It will not result in the reduction of employee's wage or benefits.
- B. The assignment will not exceed thirty (30) calendar days, except in the case of an emergency.
- C. If the assignment is to a higher classification and exceeds ten (10) consecutive working days, then the employee so assigned will be paid at the minimum step of the higher classification or that pay step

of the employee's current class which would give the employee a one (1) step increase above their current pay step, whichever is greater, but not to exceed the maximum step of the pay range for the higher class.

Section XII NIGHT SHIFT DIFFERENTIAL

A. DEFINITION OF NIGHT SHIFT DIFFERENTIAL

1. This is a bonus added to the salary rates of employees in nonexempt (or overtime eligible), County positions for hours actually worked on the afternoon and midnight shift.
2. Employees working any shift in which at least four hours of the shift fall between 6:00 p.m. and 6:00 a.m. will be eligible for a shift differential of .20/hour.

Section XIII METHOD OF PAYMENT - EMPLOYEES

- B. The two-week payroll begins on Sunday and ends on Saturday, fourteen days later.
 1. Full-time employees normally work, and are paid for, ten working days during this fourteen-day period.
 2. Because of shift change dates on rotating shifts, it is possible that an employee may work nine days in one pay period and eleven days in the immediately preceding or succeeding period. In this situation, such employees are paid for the normal ten-day salary for each pay period.
- C. Payday is the Friday following the Saturday on which the payroll period ends.
- D. The portion of the annual salary rate the employee is paid each biweekly pay period is calculated on the normal number of working days in the year.

- E. The two-week payroll begins on Sunday and ends on Saturday, fourteen days later.
 - 1. Full-time employees normally work, and are paid for, ten working days during this fourteen-day period.
 - 2. Because of shift change dates on rotating shifts, it is possible that an employee may work nine days in one pay period and eleven days in the immediately preceding or succeeding period. In this situation, such employees are paid for the normal ten-day salary for each pay period.

- A. Employees will be paid for the number of hours actually worked.

RULE 3 - CLASSIFICATION PLAN

The Department, in conjunction with Human Resources will ensure monitoring and reporting of subsequent testing in accordance with the terms of the Last Chance Agreement. A blood/alcohol level meeting or exceeding .05% or 10 mg/DL will constitute alcohol impairment for purposes of this policy.

Section II PENALTIES

Violation of this rule may result in discipline, up to and including discharge.

RULE 14 - INTERNET/E-MAIL USAGE/SOCIAL MEDIA POLICY

Section I INTERNET USAGE POLICY

- F. The County may monitor e-mail messages as a routine matter.
- G. Nothing in this policy will prohibit law enforcement officials from examining any e-mail messages in the course of an ongoing investigation of civil or criminal activity. SECTION III SOCIAL MEDIA POLICY

A. Purpose

Internet applications that facilitate information sharing and collaboration include internet based communities, social-networking sites, video-sharing sites, wikis, blog and micro-blogs, mashups, and countless others. Together, these technologies are known as “social media”. The most prominent of these is Facebook at the present time. As the popularity and integration of social media continues to increase in popularity, a number of new issues and questions are raised about proper use. These policies were created to assist County personnel to effectively and responsibly navigate issues unique to social media.

B. Scope

This policy applies to all County personnel who participate in social media or other internet activity. This policy applies without regard to whether the conduct occurs during working or non-working time. Similarly, this policy applies regardless of whether County equipment is used. This policy is not intended to regulate County sponsored participation in social media.

C. Other County Policies Apply to Social Media

All County policies apply to an employee’s participation in social media, whether during working hours or non-working time. In particular, the Anti-Harassment Policy is applicable to any employee’s participation in social media.

D. Duty to Report Harassment

The County’s Anti-Harassment Policy states that employees “should” report any harassment witnessed by the employee or experienced by the employee. This same standard applies to reporting harassment through social media networks.

E. Public Nature of Social Media

Information on the internet is public in nature, whether allegedly protected by privacy settings on social media websites. As such, County employees who identify themselves on the internet as being employed by the County are expected to conduct their internet interactions as representatives of the County.

F. Standards of Conduct

1. Transparency

If an employee communicates on the internet about the County, and they identify themselves as affiliated with the County, the employee must make it clear that any statement made about the County made by the employee are personal opinions and that the employee is not speaking for the County.

2. Confidentiality

An employee may not discuss confidential matters related to the County on social media websites. Any breach of County confidentiality will be classified as a Group II offense under Rule 9.

3. Quality

An employee should refrain from online activity that could reasonably be expected to harm the County's reputation with the public.

4. Advice

An employee should not give advice on matters beyond the scope of the employee's knowledge. An employee shall not provide advice on legal matters in online activity.

5. Copyrights

An employee shall not utilize any logos of Muskegon County in the employee's online communications.

6. "Friending"

Employees should use discretion in making connections with colleagues on social websites. As between supervisors and subordinates, establishing or disconnecting online associations may be coercive or awkward. As between peers, inclusion or exclusion in online communities may create negative feelings in the workplace. This is not a prohibition against such relationships, simply a suggestion that employees use caution and discretion in their "friending" online.

SECTION IV IT ASSET USE POLICY

Appropriate Conduct and Use of Information Technology (IT) Assets

MUSKEGON COUNTY IT assets are county property and are provided by the county to county employees, county partners and others doing work on behalf of MUSKEGON COUNTY in support of their work functions and job responsibilities. MUSKEGON COUNTY'S IT assets include, but are not limited to: computers, tablets, software, telephones (stationary or mobile), Global Positioning System (GPS) devices, and other business equipment. Each user is responsible for using IT assets in a productive manner and is accountable for the appropriate use and dissemination of the information he or she accesses. While using components of MUSKEGON COUNTY'S information technology environment, employees are required to conduct themselves in accordance with high moral and legal standards. All MUSKEGON COUNTY policies must be adhered to, including the prohibition of discriminatory or harassing activities, which may lead to the creation of a hostile work environment. Failure to abide by the policies and restrictions set forth in this document will subject employees to progressive discipline as outlined in Muskegon County's Personnel Rules and collective bargaining agreements. Users of MUSKEGON COUNTY IT assets must be aware that e-mail, voice-mail, instant messages, GPS coordinates, other electronic communications and all data stored on County equipment are considered county records and may be subject to FOIA for legitimate reasons and or as required by law. Please be aware that non-County owned devices used to conduct County business may become subject to FOIA.

Appropriate and Inappropriate Use of the Internet, Intranet, Public Networks, Bulletin Board Services, and Social Media sites.

Employees accessing the internet, intranet, chat rooms, bulletin boards, and social media sites are representing the County and have a responsibility to maintain and enhance MUSKEGON COUNTY's public image. Existing county policies on anti-harassment and ethics extend to all forms of communication both inside and outside the workplace, including but not limited to social media. All electronic communications should be exclusively for professional, work-related reasons. Personal use of IT assets is allowable but should not interfere or conflict with business use or individual productivity. Employees should exercise good judgment regarding the reasonableness of personal use. For example, employees should limit accessing the Internet to check the news, current events, or research personal interests to break periods or other times which do not interfere with the employee's work responsibilities. Nominal use of personal e-mail should be likened to telephone usage for short, personal communications which do not disrupt productivity. These same standards apply to the use of mobile phones. Individuals who violate these rules will be subject to progressive disciplinary action as outlined in the Personnel Rules and collective bargaining agreements.

Specifically Inappropriate Information Technology Uses

The following list, which is not entirely inclusive, notes some examples of activities which are specifically inappropriate and not tolerated.

- Receiving, disseminating or accessing lewd, pornographic or obscene materials.
Do not access, download, view, or share any material on the internet that you would not want everyone to see.

Sending off-color jokes, participation in inappropriate chat groups, or making harassing phone calls. If anyone within the county or outside of the county might be offended by the material you are considering sending, it should not be sent. The best rule is the "business-use" rule.

- Media streaming of any online media other than business-related webinars, training sessions, or meetings.
- Use of any IT resource to harass or intentionally annoy another person, or to transmit defamatory or untruthful information about another.
- Use of county communication systems for personal gain, advancement of individual views, or solicitation of non-county business.
- Engaging in excessive or inappropriate personal use of IT assets, including gambling, playing computer games, participating in chat rooms, or sending chain letters.
- Unauthorized disclosure or use of a password or mailbox.
- Downloading and/or installing apps, software, programs, tools, games without County IT approval. Downloading and/or installing non-work related photos, videos or music. A limited number of personal apps installed on mobile devices such as tablets and phones are allowed provided they do not violate any Muskegon County appropriate use standards as set forth in this document. A limited number of personal photos may be used for a desktop background provided they do not violate any Muskegon County appropriate use standards as set forth in this document.
- Peer-to-Peer, cloud based storage, and remote control software. This list is an example but not all-inclusive; GoogleDrive, OneDrive, Dropbox, Teamviewer, Turbomeeting, or any other remote access program.
- Intentionally negatively impacting the availability or usability of any computer service.
- Personal international or long-distance phone calls.
- Sending non-business-related e-mail to large distribution lists.
- Stealing resources.

Prevention of Unauthorized Access and Use of Passwords

Employees and authorized users are responsible to maintain the security of MUSKEGON COUNTY assets. Precautions should be taken to prevent unauthorized access to an account by logging-off the network while not in use. VPN access information, including IP Addresses, user IDs, and passwords must be kept confidential.

The owner of a password is responsible for any misuse or damage that occurs while that user ID and password is in use. Passwords should be specific, non-trivial, and changed quarterly. The MUSKEGON COUNTY IT password standard requires that passwords be a minimum of eight characters in length, including at least two of the following: change of case (upper/lower), special character, or number. Each employee is prohibited from using any IT assets that the county has not authorized the employee to use, and from attempting or obtaining access to any IT assets (or areas on the county's information systems) to which the county has not authorized the employee to have access. Employees are strictly prohibited from using any personal portable IT assets (including laptop computers, cell phones, tablets, PDAs, and portable media storage devices) on county networks unless the asset is owned and provided by MUSKEGON COUNTY. Use of non-County-owned portable IT assets, including the access, sharing, or retrieval of information from the county system, is not permitted, unless authorized by the Automation/Controls Project Manager or the IT Manager.

Monitoring

MUSKEGON COUNTY's computer and communication systems are not private.

MUSKEGON COUNTY reserves the right to monitor the use of all business systems, including e-mail, instant messaging, GPS Devices, mobile phones, tablets, and the Internet. MUSKEGON COUNTY has specific monitoring software in place that checks for inappropriate use of electronic devices and services. Violations of the MUSKEGON COUNTY IT Assets Acceptable Use Policy will be investigated and may result in progressive disciplinary action per the Personnel Rules and collective bargaining agreements.

Internet, VPN, and Dial-in Connections

Access to the Internet must be through a controlled environment approved by MUSKEGON COUNTY IT. The controlled environment is currently limited to the MUSKEGON COUNTY'S firewall. Access to the Internet by means other than through an approved controlled environment is prohibited and poses a security risk to the MUSKEGON COUNTY information technology environment. Such conduct will be subject to progressive disciplinary action. All connections to the MUSKEGON COUNTY information technology environment must be approved by either the Automation/Controls Project Manager or the IT Manager. Dial-up and other server connections that bypass the firewall greatly expose the MUSKEGON COUNTY IT network to potential harm.

Communication over the Internet

Users must be aware that any communication sent or received through the Internet is public, not private. Anyone connected to the Internet may have the capability of reading the communications. All users are responsible for protecting MUSKEGON COUNTY's legal and intellectual property interests and maintaining the confidentiality of information acquired through the course of employment. Users must be aware that the county name is associated with all communications sent over the Internet. Therefore, commentary which is inconsistent with MUSKEGON COUNTY business practices, personal opinions, actions that would put MUSKEGON COUNTY at legal risk or that would reflect poorly on MUSKEGON COUNTY are not acceptable. Under no circumstances are employees of MUSKEGON COUNTY to send or forward material that may be objectionable, including pornography, off-color jokes, chain letters, and other similar materials.

Efficient use of e-mail and voice-mail requires that all messages be concise and directed only to individuals with an interest or need to know. Special care should be taken when sending messages with large attachments, when using the "reply to all" feature, or sending messages to large distribution lists.

Electronic Mail Archival

Electronic mail will be archived electronically for a period of "x" months from the date sent or received. The board will have to vote on a time that is reasonable. Currently there is no end date.

Communications over Client Provided Resources

MUSKEGON COUNTY Employees are responsible to familiarize themselves with, understand, and comply with all client information technology environment policies and guidelines. MUSKEGON COUNTY will adopt and enforce any clients' policies and guidelines while MUSKEGON COUNTY employees are making use of those resources.

Computer Virus Protection

MUSKEGON COUNTY IT will install appropriate virus protection software on all computer business equipment. This software will periodically scan files for viruses. This software will also attempt to regularly update "virus definition files" to make sure that maximum protection is achieved. Employees must report all viruses that are detected to MUSKEGON COUNTY IT and also allow the virus protection software to complete scans and updates.

Relinquishing IT Assets upon Separation from the County

Employees are required to promptly relinquish all IT Assets (including all information stored or contained on them) to their manager or the county IT department upon separation from the county, or when requested by the county at any other time. MUSKEGON COUNTY is not responsible or required to return personal information stored on county-owned assets, such as mobile phones, laptop computers or any other device. All Intellectual Property created while in the employ of MUSKEGON COUNTY, such as, but not limited to, copyrightable works, patented inventions, software, Trademarks, and trade secrets, are the sole property of MUSKEGON COUNTY.

The order within each designated category will be determined by the Department Head's evaluation of the employee's relative worth toward coping with the remaining work load of the department giving consideration to classification and the length and quality of County and department service.

Employees who have been promoted but who are serving a promotional probationary period at the time of such reduction in force will be considered as holding a position in the highest classification in which they hold regular status.

- D. In the event that departmental reorganization is proposed because of the need to improve the efficiency of the department, and that proposed reorganization involves the separation of full-time employees, said reorganization will be evaluated on a case-by-case basis and a department-by-department basis. In the event separation is proposed under this sub-rule, the Department Head will be required to demonstrate to the County Board of Commissioners the cost savings that will result from this action, the need for those cost savings and/or any efficiencies that will result from the separation of the employee. These actions by a Department Head can be taken based upon the current conditions of the department or conditions that can be reasonably anticipated within a reasonably short period of time.

- E. The names of such separated employees who have regular status will be placed on the “re-employment lists” (for a period of eighteen (18) months) for the classification of the work from which they most recently held regular status.

"Next of Kin of a covered service member" means the nearest blood relative other than the covered service member's spouse, son or daughter, in the following order of priority: Blood relative who have been granted legal custody of the service member by court decree or statutory provisions, brothers and sisters, grandparents, aunts and uncles and first cousins, unless the covered service member has specifically designated in writing another blood relative as his or her nearest blood relative for purposes of military caretaker leave under the FMLA. Where no such designation is made and there are multiple family members with the same level of relationship to the covered service member, all such family members shall be considered the covered service member's next of kin and may take FMLA leave to provide care to the covered service member, either consecutively or simultaneously. When such a designation has been made, the designated individual shall be deemed to be the covered service member's only next of kin.

Section VII LEAVE DURATION

Except in the case of leave to care for a covered service member with a serious injury or illness, leaves may be taken for up to 12 workweeks during any 12 month period. Where spouses are both employed by the County, their aggregate leave will be limited to 12 workweeks during any 12 month period, except in the case of their own serious health condition(s), or to care for their spouse or child, in which case both spouses will be eligible for the full 12 weeks of leave during the 12 month period.

The County has adopted the "backward rolling" 12 month method of determining the amount of FMLA leave for which the employee is eligible. This measures the amount of FMLA leave for which an employee is eligible based on the amount of FMLA leave used by the employee during the preceding 12 month period.

An eligible employee may take 26 weeks of leave in a single 12 month period to care for the serious illness or injury of an active duty service

member whose illness or injury was sustained during active duty. In order to use this type of leave, an employee must be a son or daughter, spouse, parent or next of kin of the injured or ill service member. The single 12 month period starts on the first day of leave taken to care for the service member, and expires at the end of the 12 month period, and is not subject to the "backward rolling" method of determining the amount of leave for which the employee is eligible. Any unused leave is forfeited. Any leave taken for other FMLA purpose is included in the 26 weeks, i.e., an employee is not eligible for an additional 12 weeks of FMLA leave.

Section VIII LEAVE CONDITIONS

- A. Birth of a child or placement of a child for adoption or foster care.
 - 1. Leave for such purposes must be taken in consecutive workweeks and must be completed within the 12 month period following the birth of the child or placement of the child with the employee for adoption or foster care.
 - 2. At the discretion of the County, leave for one of these purposes may also be permitted to be taken by the employee on either an intermittent basis or on a reduced leave schedule (i.e., a reduced workweek or reduced workdays).
 - 3. Employees requesting leave for one of these purposes must provide the County with 30 days advance notice of leave, except when the birth or placement requires leave to begin in less than 30 days. In the latter instance, employees should provide as much advance notice as is practicable.
- B. Care for child, spouse, parent, or employee's own serious health condition.
 - 1. Employees may take leave for these purposes on a consecutive basis or intermittently, or may request to be placed on a reduced workweek or reduced workdays.
 - 2. If an employee requests intermittent or reduced schedule leave that is foreseeable based on planned medical treatment, the County may require the employee to transfer temporarily to an available alternative position for which the employee is qualified to better accommodate the recurring periods of leave that the employee will require. Employees transferred in such circumstance will receive pay and benefits equivalent to that of their regular position, although the duties may not be equivalent.

3. Employees requesting leaves for these purposes must make a reasonable effort to schedule the treatment, either for themselves or for their child, spouse, or parent, so as not to unduly disrupt the County's operations. The employee should endeavor to secure the approval of his or her own or covered family member's health care provider to reasonable schedule the treatment to avoid such disruption.
 4. Employees requesting leave for these purposes must provide 30 days advance notice of leave or, if treatment is required in less than 30 days, with as much advance notice as practicable.
- C. Active duty leave for employees with a spouse, parent or child who is on active duty or who has been called to active duty in the armed forces.
1. Leave for such purposes may be taken up to 12 weeks in a 12 month period or a qualifying exigency.
 2. Leave for a qualifying exigency may be taken on an intermittent basis.
- D. Injured service member leave for an employee who is a spouse, parent, child or next of kin of a service member with a serious injury or illness on active duty in the armed services or who is a veteran of the Armed Forces.
1. Leave for such purposes may be taken for up to 26 weeks in a single 12 month period. This leave may be taken in consecutive weeks or intermittently. The 26 week entitlement must be taken in the 12 month period starting with the first day of leave.
- E. If an employee fails to give 30 days' notice for foreseeable leave with no reasonable excuse for the delay, the employer may delay the taking of FMLA leave until at least 30 days after the date the employee provides notice to the employer of the need for FMLA leave.
- F. The employee should provide notice to the employer either in person or by telephone, facsimile ("fax") machine or other electronic means. Notice may be given by the employee's spokesperson (e.g., spouse, adult family member or other responsible party) if the employee is unable to do so personally.

The employee need not expressly assert rights under the FMLA or even mention the FMLA, but may only state that leave is needed.

Section IX REQUEST FOR FMLA CERTIFICATION

- A. Employees will be required to provide the County with proper certification of the need for leave. The certification document required depends on the reason for the leave. The County will provide notice to the employee of this requirement within five business days of the employee providing notice of the need for leave, as required in Section XVII below.

For the serious illness of an employee, form WH-380E is required.

For the serious illness of a relative, form WH-380F is required.

For a qualifying exigency arising from military service of a relative form WH-384 is required.

For the care of the next of kin of an injured or ill service member, form WH-385 is required.

For Veteran Military Caregiver Leave, form WH-385-V is required.

Whichever document is applicable must be fully completed by the applicable certifying personnel and supply sufficient information. If the information is insufficient or incomplete, the County shall state in writing what additional information is required. The employee will have seven calendar days to supply the additional information. If the employee fails to provide this information, despite diligent efforts, the FMLA leave may be denied.

The County will provide written notice to the employee each time the applicable document needs to be completed.

- B. Employees will be required to provide certification bi-annually, no matter whether the condition for which certification is obtained has been designated by the certifier as lasting more than one year.
- C. Employees requesting leave for their own or a covered family member's serious health condition will be required to provide medical certification to substantiate their leave request. Such certification must be provided to the County 30 days in advance of the leave request, or as far in advance of the leave as practicable.

If the leave is not foreseeable, then the certification must be provided within 15 business days after the County requests that the employee supply certification.

Certification will be on the United States Department of Labor form WH-380 E or F, as applicable, and must consist of all of the following:

1. Date on which the serious health condition commenced;
2. Probable duration of the condition;
3. Appropriate medical facts within the knowledge of the health care provider regarding the condition, including a statement by the health care provider as to how these facts fit the definition of a serious health condition, including sufficient information to establish that the employee cannot perform the essential functions of the employee's job, including any restrictions and the likely duration of the inability to perform their job;
4. Where the leave is required because of the serious health condition of a child, parent, or spouse, a statement that the eligible employee is needed to care for the covered individual and the amount of time necessary for such care;
5. If medical leave is required for the employee's absence from work because of the employee's own condition (including absences due to pregnancy or a chronic condition), whether the employee:
 - a. Is unable to perform work of any kind;
 - b. Is unable to perform any one or more of the essential functions of the employee's position, including a statement of the essential functions the employee is unable to perform, based on either information provided on a statement from the County of the essential functions of the position or, if not provided, discussion with the employee about the employee's job functions; or
 - c. Must be absent from work for treatment.
6. In the case of certification for intermittent leave or a reduced leave schedule for planned medical treatment of the employee, the dates on which such treatment is expected to be given and the duration of such treatment; or if not for

planned treatment but for rehabilitation, a statement of the medical necessity for and duration of such intermittent leave or reduced leave schedule. In this situation, the County may reassign the employee if the reassignment would minimize disruption of the County's operations.

7. If leave is required to care for a family member of the employee with a serious health condition, whether the patient requires assistance for basic medical or personal needs or safety, or for transportation; or if not, whether the employee's presence to provide psychological comfort would be beneficial to the patient or assist in the patient's recovery. The employee is required to indicate on the form the care he or she will provide and an estimate of the time period.
 8. If the condition is pregnancy or a chronic condition, whether the patient is presently incapacitated and the likely duration and frequency of episodes of incapacity.
 - a. If additional treatments will be required for the condition, an estimate of the probable number of such treatments.
 - b. If the patient's incapacity will be intermittent and unforeseeable, or will require a reduced leave schedule, an estimate of the probable number and interval between such treatments, actual or estimated dates of treatment if known, and period required for recovery if any.
- D. The County may contact the employee's health care provider for authentication or clarification of the information supplied by the health care provider. Additional medical information may not be requested. Such contact shall be by the Human Resources Department or a management official. An employee's direct supervisor may NOT make contact with the employee's health care provider. Prior to contact, the employee or relative must have provided authorization under the HIPAA Privacy Rules. If the information supplied by the health care provider is not sufficient to establish the need for FMLA leave and the employee fails to provide HIPAA authorization, the leave may be denied.
- E. The County reserves the right to have an employee examined by a health care provider of its choice for a second opinion if it has reason to doubt the validity of the certification. Any such second opinion examination shall be paid for by the County. The health

care provider rendering the second opinion may not be employed on a regular basis by the County. The health care provider utilized for a second opinion may request information from the employee's or employee's relative's health care provider. Failure to supply this information, if requested, may result in denial of the requested FMLA leave.

- F. If the opinions of the employee's and the County's designated health care providers differ, the County may require the employee to obtain certification from a third health care provider, again at the County's expense. This third opinion shall be final and binding. The third health care provider must be designated or approved jointly by the County and the employee. The County and the employee must each act in good faith to attempt to reach agreement on whom to select for the third opinion provider. If the County does not attempt in good faith to reach agreement, the County will be bound by the first certification. If the employee does not attempt in good faith to reach agreement, the employee will be bound by the second certification.
- G. Failure to provide adequate certification within 15 days of the County's request for certification may result in the County treating the unpaid leave as non-FMLA, unexcused leave. This determination will be assessed on a case by case basis. If the employee never produces the certification, the leave will be treated as non-FMLA by the County.
- H. An employee taking leave for a qualifying exigency will be required to complete form WH-384. Both employee and employer shall have the rights and obligations defined in 29 CFR § 825.309. There is no re-certification requirement for leave for a qualifying exigency.
- I. An employee taking leave to care for an injured or ill service member will be required to complete form WH-385 or WH-385-V. Both employee and employer shall have the rights and obligations defined in 29 CFR § 825.310. There is no re-certification requirement for leave for care for a service member or veteran.

Section X RE-CERTIFICATION

- A. The County may request re-certification no more frequently than every 30 days. In addition, if the certification states that the minimum duration of the condition is more than 30 days, no re-certification may be requested until that minimum duration has expired.

- B. In all cases, including intermittent leave for a chronic condition, re-certification may be requested every six months, in connection with an absence.
- C. Re-certification may be required more frequently than specified in paragraphs (A) and (B) when:
 - 1. The employee requests an extension of leave.
 - 2. If the circumstances described by the original certification have changed, including increased frequency or duration of leave.
 - 3. If the employer receives information that casts doubt on the employee's stated reason for the leave or the continuing validity of the leave.
- D. Re-certification shall be provided within 15 business days of the County's request, unless not practicable despite the employee's diligent efforts to provide the re-certification.
- E. The required contents of the re-certification are the same as described in Section IX, above. No re-certification is required for leave for a qualifying exigency or to care for an injured or ill service member.
- F. The County may provide the health care provider with a record of the employee's absences and ask the provider whether pattern of absences is consistent with the employee's serious health condition.

Section XI USE OF ACCRUED LEAVE TIME

- A. Employees will be required to use all accrued unused paid annual leave, personal leave, or sick leave, in the event of a leave for a child's birth or the placement of a child for adoption or foster care as a part of the FMLA leave, running concurrently with the FMLA leave. The employer will notify the employee of the designation of the leave as FMLA leave and whether paid leave will be counted as a part of the FMLA leave. So far as practicable, the notification by the employer will be within two days after the request. The initial approval of FMLA leave may be verbal, however must be confirmed in writing before the next following payday.
- B. Employees will be required to use all accrued unused paid annual leave, personal, or sick leave for leaves for the employee's or a covered family member's serious health condition as a part of the FMLA leave, running concurrently with the FMLA leave. The

employer will notify the employee of the designation of the leave as FMLA leave and whether paid leave will counted as a part of the FMLA leave. So far as practicable, the notification by the employer will be within two days after the request. The initial approval of FMLA leave may be verbal, however must be confirmed in writing before the next following payday.

- C. With respect to leaves for the employee's own serious health condition, employees may also be eligible to receive statutory benefits such as long-term disability or workers' compensation, in accordance with applicable Michigan law and the terms of each respective benefit plan.
- D. Time during which an employee is receiving any such statutory benefits shall also be charged against an employee's FMLA 12-workweek entitlement.
- E. The County will count as FMLA leave any leave time funded by either workers' compensation or long-term disability.

Section XII BENEFITS DURING FMLA LEAVE

- A. During any FMLA leave, the County will maintain the employee's coverage under any group health plan on the same conditions as coverage would have been provided if the employee had been continuously employed during the entire leave period. If the employee has an obligation to pay a portion of the group health plan co-pay as a payroll deduction, the employee will be required to pay the employee's share of the premium while on FMLA leave. Payroll deductions will be continued to the extent that paid leave is used for FMLA purposes.

Payment will be obtained by one of the methods below:

1. Payment is due at the same time as it would be made if by payroll deduction (paid to the County Human Resources Department);
2. Another system voluntarily agreed to between the County and the employee, which may include prepayment of co-pays (e.g., through increased payroll deductions when the need for the FMLA leave is foreseeable).

If a required employee contribution for group insurance is more than 30 days late, then the County reserves the right to terminate coverage, by providing written notice to the employee of the intent to terminate the coverage at least 15 days prior to insurance

termination. Termination of insurance does not affect the right of any employee to reinstatement after FMLA leave, including restoration of benefits as though no leave were taken.

If the employee fails to return to work following the FMLA leave, absent circumstances outlined in 29 C.F.R. § 825.213, the County reserves the right to recover its costs of the employee's health insurance paid by the County during any unpaid portion of the FMLA leave.

- B. An employee may choose not to retain group health plan coverage during FMLA leave. However, when an employee returns from leave, the employee will be reinstated on the same terms as prior to taking the leave, including family or dependent coverages, without any qualifying period, physical examination, exclusion of pre-existing conditions, etc.
- C. Benefits that operate on an accrual basis (e.g. annual leave, sick leave, personal leave) will not accrue during any period of unpaid leave under this policy.
- D. An employee's eligibility for qualified benefits (e.g. pension) will be governed according to the terms of each respective benefit plan.

Section XIII REINSTATEMENT AFTER LEAVE

- A. Eligible employees taking leave under this rule will be reinstated to their former position or to an equivalent position with equivalent benefits and other terms and conditions of employment. However, no employee is entitled under this policy to any right, benefit, or position other than that to which the employee would have been entitled had he or she not taken leave. Thus, for example, if a layoff or business condition arises that affects the employee's position, reinstatement may not be possible.
- B. If an employee is unable to perform an essential function of their position upon return from FMLA leave, the County has no obligation to reinstate the employee, except as provided in the Americans With Disabilities Act, as amended.
- C. The County also reserves the right to deny leave reinstatement to key employees, where such denial is necessary to prevent substantial and grievous economic injury to the County's operations. This includes the ability of the County to temporarily

replace the employee (or do without the employee) during the FMLA leave.

- D. Key employees will be notified of the County's intention about denial of reinstatement as soon as a determination is made that such injury would occur. This notice will be provided in person or by certified mail.
- E. In the event such notice is given to a key employee already on leave, the employee will be offered the opportunity to terminate his or her leave and immediately return to work.
- F. Key employees notified while on leave of the County's intent to deny reinstatement; and decide not to return to work, will remain on leave for the balance of the leave period and then be terminated. Benefits will continue until either the employee provides notice to the County of the employee's intent to terminate employment or until the end of the FMLA leave. The County cannot recover their cost of benefits ordinarily paid by the employee when a key employee does not return to work. A key employee may request reinstatement at the end of an FMLA leave, even when the County has provided notice of its intent to deny reinstatement. In this event, the County will again determine whether reinstatement would create a substantial and grievous economic injury to the County's operations.
- G. Key employees are defined above in Section VI.D.
- H. Employees may be required to provide the County with medical certification evidencing their ability to return to work and perform he essential functions of their positions, with or without reasonable accommodations. Such certification may be requested at the County's discretion.

Section XIV RETURN TO WORK EXAMINATIONS (FITNESS FOR DUTY)

Before being permitted to return to work from a leave for the employee's own serious health condition, the employee will be required to provide certification from his or her health care provider that he or she is able to return to work and perform all essential functions of the job with or without reasonable accommodation. The employer will provide the health care provider with a list of the essential functions of the job.

As a general rule, no return to work certification is required for a person taking intermittent leave following each leave period. However, the County may require such return to work certification no more than every 30 days if reasonable safety concerns exist regarding the employee's ability to

perform his or her duties, based on the serious health condition for which the employee took leave. If such concerns exist, the County will notify the employee of the need to provide the fitness for duty certification at the time that the employee starts the intermittent leave. Reasonable safety concern means a reasonable belief of significant risk of harm to the employee or others.

At the end of an FMLA leave, failure to provide either a required fitness for duty certification or a new certification for continued leave may result in termination of the employee.

Section XV PERIODIC NOTIFICATION DURING LEAVE

Employees will be required at least once every 30 days while on leave to contact their Director, or if a Director, the Administrator, to report on their status and intentions with respect to returning to work at the end of their leave period.

If an employee unequivocally indicates an intent to not return to work, the employer's obligations under the FMLA to continue health care benefits terminate (subject to COBRA obligations).

Section XVI SHORT TERM ABSENCES

Absences for any reason not exceeding three continuous work days do not require the formal filing of a request for a written, authorized leave unless taken as intermittent leave under the FMLA. However, employees taking short-term absences are required to comply with required procedures under the Personnel Rules of the County of Muskegon.

Section XVII PROCEDURE FOR FMLA LEAVE

A. Notice by Employee

An employee must provide notice of the need for FMLA leave in writing.

The employee will be required to provide sufficient information in the notice in order for the County to determine whether, at first review, the reason for the request is for an FMLA qualifying reason, a qualifying military exigency or to care for an injured or ill service member. Failure of an employee to respond to a reasonable request by the County about the purpose of a leave may result in denial of FMLA protection if the County cannot determine whether the reason for the leave is FMLA or Military Family Leave.

For a foreseeable FMLA leave, the notice must be provided at least 30 days prior to the requested leave, or if 30 days' notice is not possible, as far in advance as practicable. Delay in providing the County with notice of the need for leave may result in a delay in starting an approved FMLA leave. Leave taken without protection of the FMLA will be treated as unexcused leave, potentially subjecting the employee to discipline for unexcused leave, whether the leave is paid or unpaid.

For an unforeseeable FMLA leave, notice must be provided to the County as soon as practicable. The notice must contain sufficient information for the County to determine whether the FMLA applies to the leave or whether a qualifying exigency exists. Calling in "sick" will not provide the County with sufficient notice that the reason for leave is an FMLA reason, without more information. Delay in providing the County with notice may result in delay of FMLA coverage of the leave, potentially subjecting the employee to discipline for unexcused leave.

In all cases, an employee will be required to comply with the call-in procedures of Personnel Rule Number 21, unless circumstances make compliance impossible. If the employee fails to comply with this rule, the circumstances that made failure to comply impossible will be explained by the employee at the time of the request for FMLA leave. Failure to sufficiently explain the circumstances that resulted in the failure to comply may result in disciplinary action.

B. Request by Employee

Upon receiving a request from an employee for leave for an FMLA qualifying reason, or upon the County acquiring sufficient information to determine that a leave is for an FMLA qualifying reason, the employee will be required to complete a formal application for FMLA leave by the completion of the form designated in Section (IX)(A), above. The completion of this form also provides the County with certification of the reason for the leave.

C. County's Eligibility Notice to Employee

When an employee requests FMLA leave or the County acquires knowledge that a leave may be for an FMLA qualifying reason, the County will notify the employee within five days of the employee's

request or the County's acquisition of knowledge whether the leave is designated as FMLA leave.

The notice from the County must indicate whether the employee is eligible for FMLA leave. This notice may be oral or in writing. With the "rolling backward" determination of eligibility, eligibility for FMLA leave will be determined at the time of each FMLA leave request or determination by the County that a leave is for an FMLA qualifying reason. More specifically, the County will determine whether the employee who is otherwise eligible based on months of service has accrued 1,250 hour of service during the previous 12 month period.

This information will be provided on form WH-381 within five days of the employee's request or the acquisition of knowledge by the County that the leave is for an FMLA qualifying reason.

D. Notice by County of Rights and Responsibilities of Employee.

Upon receiving a request for FMLA leave or the County acquiring knowledge that a leave may be FMLA qualifying, The County will provide written notice to the employee regarding:

1. Whether the leave is designated as FMLA leave.
2. That the employee is required to provide certification of a serious health condition, serious injury or illness or a qualifying exigency as a result of active duty or a call to active duty in military service.
3. That the County will require the substitution of paid leave as FMLA leave and that the employee has the right to unpaid leave if no paid leave is available to the employee
4. Whether the employee is required to pay health care insurance premiums during leave, the procedures for payment, and the consequences of failure to make payments or failure to return to work at the end of the FMLA leave.
5. Whether the employee is a "key employee".
6. The employee's right to reinstatement and continuation of benefits as though the FMLA leave had not been taken.

This will indicate that any benefits based on hours of service do not accrue during FMLA leave.

7. Whether a fitness to return to duty exam will be required of the employee, including a list of the essential functions of the position in writing.
8. If the duration of leave requested can be determined at the time of the request or acquisition of knowledge of an FMLA qualifying leave, the County will inform the employee of the hours or weeks of leave that will be designated as FMLA leave. If the amount of leave cannot be determined at the time of the request (such as intermittent leave for an unforeseeable condition), the hours or weeks used will be included in the next payroll statement.

This information will be provided to the employee on form WH-381. This may be included on the same WH-381 as the eligibility notice in subsection (C) if sufficient information is provided by the employee at the time of the request to determine whether the leave is for an FMLA qualifying reason. It will be provided on a separate WH-381 within five days of the County acquiring sufficient information to determine that a leave is for an FMLA qualifying reason.

E. Certification - See Section IX, above.

Section XVIII EMPLOYMENT WHILE ON LEAVE

Employment while on an authorized leave of absence is prohibited unless required as part of a remedial therapy program under the County's medical direction, or otherwise permitted under existing County employment policies affecting outside employment.

Section XIX REQUESTS FOR LEAVE EXTENSIONS BEYOND 12 WEEKS

If an employee is unable to return to work after his or her FMLA leave expires, the employee may file a request for a leave extension in the same manner as he or she filed the initial leave request. For a medical leave extension request, employees must submit additional medical certification to support the leave extension request.

Employees approved for a leave extension will be re-employed at the expiration of such extension if a position is available for which the individual, in the County's sole opinion, is qualified, with or without a reasonable accommodation. In those instances where no position is available, the individual will be laid off due to lack of work. In addition, the County will not continue health insurance benefits during an extension of unpaid leave beyond the 12 weeks provided by the FMLA.

RULE 26 - LEAVE OF ABSENCE WITH PAY

Section I COURT APPEARANCE LEAVE - DURING SCHEDULED WORKING TIME

A. Definition

Court Appearance Leave is an absence from work during scheduled working time, for which the employee is paid, as if he/she were at work, if the absence is caused by the employee being subpoenaed as a witness to appear in Court.

B. Eligibility

1. Only those employees who are subpoenaed or ordered to appear in Court during their regular working hours will be eligible to use Court Appearance Leave. Employees who appear in Court as volunteer witnesses or who appear on their own behalf will not be eligible to use this type of leave.
2. Employees requesting the use of Court Appearance Leave must show proof of subpoena and will be required to deposit all witness fees, less mileage payments, with the County Treasurer.
3. Only those employees eligible for benefits under Rule 19 will be eligible for Court Appearance Leave.
4. Employees released from court appearance in excess of one hour prior to the end of their shift are expected to return immediately to their County duties.

C. Effect of Court Appearance Leave on Annual and Sick Leave

Employees on Court Appearance Leave will continue to accumulate Sick Leave and Annual Leave as if they were at work. No time will be deducted from the employee's Sick Leave or Annual Leave accumulations while on approved Court Appearance Leave.

Section II COURT APPEARANCE LEAVE - DURING NON-SCHEDULED WORKING TIME

A. Definition

This refers to the appearance in Court during non-scheduled working time by County employees whose presence in Court at this time is required because of their County position.

B. Method of Payment

1. The Court Appearance must be verified in writing by the Court involved.
2. If the employee is in a classification which is eligible for overtime compensation, such compensation will be made at the rate of time and one-half for all time spent in Court, with a guarantee of a minimum of two hours compensation per day.
3. If the employee is in a classification which is not eligible for overtime compensation, no extra compensation will be made for time spent in Court.

Section III JURY DUTY LEAVE

A. Definition

Jury Duty Leave, is an absence from work for which the employee is paid, as if he/she were at work, if the absence is caused by the employee being ordered to serve as a juror.

B. Eligibility

1. Employees requesting the use of Jury Duty Leave must show proof of being drawn for Jury Duty and will be required to deposit all fees with the County Treasurer.

Employees excused from jury duty in excess of one hour prior to the end of their shift are expected to return immediately to their County duties.

2. Only those employees eligible for benefits under Rule 19 are eligible for this type of Leave.

C. Effects of Jury Duty Leave on Annual and Sick Leave

1. Employees on Jury Duty leave will continue to accumulate Sick Leave and Annual Leave, as if they were at work. No time will be deducted from the employee's Sick Leave or Annual Leave accumulations for the time spent on jury duty leave.

RULE 27 - LEAVE OF ABSENCE WITHOUT PAY

Section I DEFINITION OF LEAVE OF ABSENCE WITHOUT PAY

- A. A Leave of Absence Without Pay is a predetermined amount of time off from work, without pay, which has been approved by the employee's Department Head and the Human Resources Department, within regulations established by the Board of Commissioners. All time, for which a full time County employee is to be continued as an employee, but not paid, will be considered as a Leave of Absence Without Pay, whether it is one (1) day or the maximum time allowable under the reason for the Leave.
- B. The fact that a Leave is possible under these regulations does not mean that the requested Leave must be granted. A Leave of Absence deprives the employee's department of the services of an employee, who it is assumed is needed if the department is to properly do its job. Leaves of Absence Without Pay, except in the case of disciplinary leaves, should be considered as a privilege and the best interests of the department and the County service must be the determining factor in whether such leaves are granted or not.
- C. In granting an employee a Leave of Absence Without Pay, the Department Head makes a commitment to allow the employee to return to work at the end of the leave to the same duties and the same salary that the employee was performing and earning when he/she went on leave. Any substitutes hired to fill in for employees on Leaves of Absence Without Pay, should be hired accordingly.
- D. When granted a Leave of Absence Without Pay, the employee is committed to return to work at the end of the Leave.
- E. The leave of absence will expire based on the type of leave specified.

Section II EFFECTS OF LEAVES WITHOUT PAY

During a Leave of Absence Without Pay, the employee:

- 1. Does not receive pay from the County
- 2. Does not earn Annual Leave

3. Does not earn Sick Leave
4. Does not get paid for Legal Holidays occurring during the Leave.
5. Has no time deducted from Annual Leave or Sick Leave to cover the time off on the Leave of Absence Without Pay.
6. Remains a member of the Michigan Municipal Employees' Retirement System but cannot withdraw retirement contributions while on Leave of Absence, only on separation; and cannot pay retirement contributions.
7. The Employee does not earn credit toward the Service Increment Plan or credit toward the rate of Annual Leave or Sick Leave accumulation for the period covered by the Leave.
8. Must pay any group hospitalization premiums falling due during any month in which the employee has not worked at least one (1) week. (Such premiums are normally paid by the County for eligible employees.) Employees on such leaves should contact the Accounting department.
9. Will retain full coverage for up to six (6) months under the Employees' Group Life Insurance Plan.
